

B2 Conf
100. (Amended) The order management system of Claim 92, wherein said reminder message comprises a telephone message.

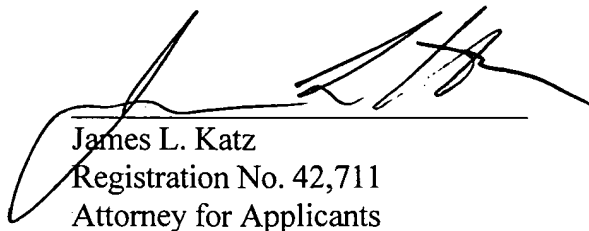

101. (Amended) The order management system of Claim 92, wherein said reminder message comprises a postal mail message.

REMARKS

This preliminary amendment adds no new matter to this application and is supported by the specification. Further, these amendments have been made for reasons unrelated to patentability. This amendment is not intended to surrender any equivalents to the amended claim limitations.

Attached hereto is a marked-up version of the changes made to the claims by the current amendment. The attached page is captioned "**VERSION WITH MARKINGS TO SHOW CHANGES MADE.**"

42. (Amended) A method for facilitating electronic commerce through a network, said network comprising at least one server computer capable of communicating with a browser system located at a remote client computer, said method comprising:
- (a) receiving a first electronic standing order for one or more products or services;
 - (b) receiving a reminder specification for a reminder message;
 - (c) supplying said one or more products or services according to an order recurrence associated with said standing order; and
 - (d) providing [a] said reminder message one or more times according to a reminder recurrence.
93. (Amended) The [method] order management system of Claim 92, wherein said first one or more suggested products or services comprise facilitating a payment between a debtor and a creditor.
94. (Amended) The [method] order management system of Claim 93 wherein said reminder message comprises a message that said payment has been completed.
95. (Amended) The [method] order management system of Claim 92, wherein said reminder message comprises a message that an event is about to occur.
96. (Amended) The [method] order management system of Claim 95, wherein said event comprises the impending recurrence of said electronic standing order.
97. (Amended) The [method] order management system of Claim 96, wherein said message facilitates modification of said electronic standing order prior to said recurrence.

98. (Amended) The [method] order management system of Claim 95, wherein said message further facilitates purchase of a product or service related to said event from said electronic commerce system.
99. (Amended) The [method] order management system of Claim 92, wherein said reminder messages comprises an electronic mail message.
100. (Amended) The [method] order management system of Claim 92, wherein said reminder message comprises a telephone message.
101. (Amended) The [method] order management system of Claim 92, wherein said reminder message comprises a postal mail message.
